
Azzur Group Appoints Adri Osman, as Vice President of Corporate Quality & Compliance

[Azzur Group](#), a leader in GxP solutions and advisory services for the life science industry, announces the appointment of [Adri Osman](#) to Vice President of Corporate Quality and Compliance.

As Vice President of Corporate Quality and Compliance, Adri brings more than two decades of experience from the life sciences industry, focusing on quality and manufacturing operations across biotechnology, pharmaceutical, and consumer healthcare, ensuring product quality and adherence to regulatory requirements to create long-term, transformational results. A Pennsylvania native, Adri will work out of the company's headquarters in Hatboro, Pa.

"I look forward to fostering a best-in-class quality culture throughout all of Azzur Group," said Adri. "I'm excited to work alongside my fellow Azzurians to ensure we continue to be rooted in quality as we work to expand our offerings."

Prior to joining Azzur Group, Adri founded a life sciences consulting firm and was Head of Quality Strategy and Portfolio Management at Teva Pharmaceuticals, a global leader in generics and biopharmaceuticals. During his time at Teva, Adri focused on performance excellence, minimizing quality and compliance risk, and inspection preparedness at the sites. He also led the offshoring program and established the Global Quality strategy which focused on compliance, performance, and capabilities.

"We're delighted to welcome Adri to Azzur Group," said [Ryan Ott](#), Chief Operating Officer. "Adri's experience in both life sciences and professional services to industry will prove incredibly valuable for our organization."
