
Delzac Takes Helm: Head of Product Management, Monitoring Solutions at GE HealthCare

Pierre Delzac, a seasoned professional with over 14 years of experience in the healthcare industry, has recently assumed the role of Head of Product Management and Monitoring Solutions at GE HealthCare in November 2023. In this key position, Delzac is responsible for overseeing product management within the Monitoring Solutions division.

Before his current role, Delzac served as the General Manager of Mobile Digital Health at GE HealthCare for an impressive seven years and ten months, from January 2016 to October 2023. His extensive background also includes a two-year stint as the Monitoring Solutions Global Marketing Director from January 2014 to December 2015.

Delzac's leadership journey at GE HealthCare extends further back, with notable positions such as Acute Care General Manager for Europe from December 2011 to December 2013, and Anaesthesia General Manager for the EMEA region from December 2009 to December 2011.

Possessing a wealth of experience and a track record of successful management in various capacities, Pierre Delzac brings extensive knowledge and expertise to his new role as Head of Product Management, solidifying his status as a mover and shaker in the healthcare industry.
