
Dexcom Appoints Rimma Driscoll to Board of Directors

DexCom, Inc., the global leader in real-time continuous glucose monitoring announced the appointment of Rimma Driscoll to its Board of Directors, effective August 24, 2023.

Ms. Driscoll is an accomplished leader with significant experience developing, guiding and executing organic and inorganic growth strategies for global organizations. She currently serves as Executive Vice President and Head of Global Strategy, Commercial and Business Development, and Global BioDevices for Zoetis, the world's leading animal health company and a member of the Fortune 500. In this role, Ms. Driscoll oversees the company's global business strategy, the execution of commercial launch plans, external business development and integration efforts, and has oversight for Zoetis' Global BioDevices business. She brings to the Dexcom Board a track record of impactful leadership across the global healthcare, consumer and animal health industries, including the successful completion of several transformative transactions and key product launches.

"We are very excited to welcome Rimma to the Dexcom Board," said Kevin Sayer, chairman, president and CEO at Dexcom. "Her strategic guidance at Zoetis and Procter & Gamble has been instrumental in helping these two global organizations achieve and grow their market leadership positions. As we continue to extend access to Dexcom's real-time CGM systems to more people throughout the world, we look forward to benefiting from Rimma's experience navigating global commercial markets and key strategic partnerships."
