
Join ICU Management & Practice at #EA19

[Euroanaesthesia 2019](#) begins this 1-3 June in Vienna, Austria, and the ICU Management & Practice team will be there.

Euroanaesthesia is Europe's largest annual event showcasing the latest and the most relevant knowledge in the field of anaesthesia. The [scientific programme](#) this year, developed by the Scientific Committee under the chairmanship of Prof. Andreas Hoeft, will include lectures, symposia, workshops, and refresher courses and presentations from healthcare experts on major issues, hot topics, and the latest research in Anaesthesia, Critical Care, and Pain and Perioperative Medicine.

Some of the major topics that will be covered during the scientific session include Intraoperative fluid management, regional anaesthesia, extracorporeal techniques in sepsis, transfusion and coagulation, local anaesthetics, paediatric anaesthesia, pain management, management of trauma patients, perioperative myocardial infarction, anaesthesia in the elderly, general anaesthesia, assessing delirium, digital health and much much more.

Euroanaesthesia is one of the most influential and the most important annual congress in anaesthesiology. Over 6000 international delegates and 100+ exhibitors will be present there this year, representing more than 80 countries. The Congress is the ultimate platform where international participants can get together, share knowledge, review innovative techniques, and communicate, collaborate and network with each other.

The ICU Management & Practice Team will be there at [#EA19](#). Visit our booth (#B1105) and pick up your copy of our latest journal issue with a cover story on [Paediatrics](#).

We hope to see you there. Follow us [@ICU_Management](#) as we report live from Vienna.
