
Melissa Petrasko – New Vice President-Imaging Service Line, Central Florida Division, AdventHealth

Melissa Petrasko is the new Vice President - Imaging Service Line, Central Florida Division at AdventHealth. Her responsibilities would be to oversee the \$4.5 billion Imaging Service Line in AdventHealth's Central Florida Division. The Imaging Service Line spans across 19 hospitals and eight freestanding emergency departments and maintains an expense line of \$157 million. A team of over 1,500 technologists, sonographers, and support staff produce 2.2 million imaging studies annually.

Petrasko became the Executive Director at AdventHealth in November 2019 and stayed in the position for more than two years before this promotion. From May 2018-November 2019, she served as the Director of Imaging and Cardiovascular Services. She has also previously worked for GE as Magnetic Resonance Product Sales Specialist.
