1. What are your key areas of interest and research?

I am interested in elucidating mechanisms in myocardial infarction/ischaemia-reperfusion injury and cardioprotection. My main clinical focus is the interventional therapy of valve diseases and complex coronary interventions.

2. What are the major challenges in your field?

To be an excellent clinician, a curious scientist, a good manager, a wise leader and after all a good guy...all in one!

3. What is your top management tip?

Talk to your people.

4. What would you single out as a career highlight?

Becoming Chair of Cardiology at the Westgerman Heart- and Vascular Center at the University of Essen, Germany in August 2015.

5. If you had not chosen this career path you would have become a...?

Lawyer...or a full-time dad in order to spend more time with my daughters.

6. What are your personal interests outside of work?

My lovely wife and my two wonderful daughters (3 and 1.5 yo), reading biographies.

7. Your favourite quote?

"It's always too soon to give up"
